BALANCE

Friend Stan —  
Received the 1797 <sup>#10</sup>  
and 1858-0 <sup>#20</sup>, but the <sup>#10</sup>

wear on obv.

To come out I would need  
some coin that will sell

me that (or 3 common <sup>#20</sup>.)  
I will send you my EF 1854-D <sup>#2 1/2</sup>

\$50.00, I may skip a shipment, until your payments

### COIN MEDALS

A series of beautiful, artistic medals commemorating famous coin designers

#### THE AUGUSTUS SAINT-GAUDENS MEDAL

first in the series, now on sale in Bronze, Silver, and Platinum,

**BRONZE**, in box with descriptive folder, \$5.50, 2 for \$10.00 postpaid.

**SILVER**, in velvet lined case, with descriptive folder \$30.00 postpaid.

The silver medals are serially numbered on edge for medal, for a total issue of not over 5000. Beginning Jan. 1, 1962, prices on the silver medal will advance \$2.50 each month, so price will be as follows, until Jan. 1, \$30.00, after Jan. 1, \$32.50, after Feb. 1, \$35.00, after Mar. 1, \$37.50, after Apr. 1, \$40.00, etc. until the total issue of 5000 is sold out.

**PLATINUM**, a very limited issue, each medal serially numbered in Roman Numerals, housed in custom made case \$1750.00 postpaid.

#### THE VICTOR DAVID BRENNER MEDAL

will be the second medal in the COIN MEDALS series, and will be ready in January 1962. Prices are the same as for the Saint-Gaudens medal, and the serially numbered issue of 5000 silver medals will remain at \$30.00 until the Saint-Gaudens silver issue is sold out. Buyers of the Saint-Gaudens medal are reserved the same serial number in the Brenner and all other COIN MEDALS to be issued, about three medals each year until the series is complete. Customers who have bought the Saint-Gaudens, may send payment anytime for the Brenner (or \$10.00 with order and balance at \$10 a month, medal will be sent as soon as all paid). In ordering the Brenner medal, please mention serial number of your Saint-Gaudens, as we have our medal customers filed by number.

#### THE CHARLES BARBER MEDAL

the third medal in the COIN MEDALS series, will be released in May or June, 1962. This will afford customers time to complete their \$10.00 monthly payments on the Saint-Gaudens and Brenner medals, and also will complete the three medals the first year. Other medals to follow, will honor Morgan, Euainetos, Longacre and other famous coin designers, until the series of about ten medals is complete.

COIN MEDALS are all of large 3 inch diameter, weigh about 7 ounces in bronze, 8 ounces in silver, and close to a pound in platinum. With their fine workmanship, high relief, and inherent numismatic interest, COIN MEDALS will become the standard medal series for coin collectors.
